

Contributions Project

- **Aim:** To make Steiner Waldorf education available to any family
Which sincerely wishes to join the school community.

To develop a contribution system which raises enough
Money not just to keep the school afloat, but to ensure
growth and development.

- **Objectives:** To meet as a group and come up with at least 3 different
ideas we can present to council and college on how we can
improve the present contributions system.
To agree on the best proposal and be able to implement it for
the coming school year.

- **Team members:** Kevan Iari, Jeremy Wood, Oliver Garside,
Paul Robinson, Jonathan Tapp.

- We have met on at least 4 occasions and have made the first
presentation to council and indirectly to college.
We are in the process of fine tuning the proposal to be able to
meet WC 28/4 to finalise a proposal we would be able to
implement in May.

- **Ideas List:**

- 1-Look at the Per child contributions
- 2- Per Family contributions
- 3- Families on 12% contributions
- 4-Families on less than 12%
- 5- Free places for Teachers
- 6- Camphill Contributions

How can we convince each group to contribute the max they
can for the benefit of the school.

- **Resources Needed:**

- 1-Time from the entire group mentioned above.
- 2-Ideas from anyone not involved directly but have some
constructive thoughts on how to increase parental
commitment to higher overall contributions?
- 3-Support from all in college, council and admin staff when the
time comes to implement the new ideas.

- **Links:** Would be mainly with Council, College and the Office

- **Community Involvement:**

Letter to all parents following EGM with the summary, followed by
possibly an open meeting with any parents who wish to discuss in general
the new system (not individual cases). This might not be necessary !!!
Finally the new contributions forms will be sent in late May for all to
complete.
